Check it out

TOAD SPECIAL!

RUN TOS, DOS, WINDOWS, AND UNIX! ALL ON ONE 80MHZ SUPERFAST CPU!

This is a 486-based system put together with Atari owners in mind. You get a fast, 80MHz 486DX2 CPU with a 540MB hard disk, along with DOS 6.22 and Windows 3.11. But there's a lot more. This system comes preinstalled with GEMulator - the ST emulator for PC compatibles. So you can run most, if not all, of your favorite Atari software. Run TOS 2.06 or TOS 1.4 - it's your choice! Also included is Linux - a complete Unix clone, developed and maintained by programmers on the Internet from around the world. You'll be amazed when you run X-Windows under a completely multitasking Unix environment.

If you've been looking at a PC, but start yawning when you think about running DOS, this is the system for you!

Toad Chameleon 486
* Green Localbus Motherboard
* 3 Localbus Slots, 5 ISA Slots
* 1MB Localbus Video Card
* Localbus IDE Card
* Seagate Fast-ATA 540MB HD
* 8MB of Fast RAM

From the President

Greetings one and all! It's tax time and I'm already buried under what seems like tons of work. Therefore, this message will be brief.

Undoubtedly you are all anxiously awaiting the latest news on what happened this past month with MAST and MilAtari. Well, I'm pleased to say that we have come to a mutual agreement on how to proceed in combining both clubs. Both of our elected boards got together and quicker than you can say "rubber baby buggy bumpers", the solution was worked out and is now in motion.

I spoke with Rom Braun (President of MAST) after their meeting this past weekend and he said that most of the members agreed that this was the way to go. The best part is that very little needs to be done by the members of either club and yet all will hopefully benefit from a larger and more dedicated group.

As you know, elections are rapidly approaching and it would be nice if any and all members of both clubs could show up for this month's meeting to discuss the many changes that are forthcoming. Hope to see you there!

I've run out of time for now but we'll talk later, bye.

Rick
